AGREEMENT

ViaGen Equine and Client enter this agreement with the intent to produce embryos from oocytes provided from "Donor Mare" and semen provided by stallion selected by Client. Client grants ViaGen Equine the authority to conduct the "ICSI" services on oocytes delivered to ViaGen Equine and covered by this agreement.

- Client has arranged with Equine clinic listed below to have "donor mare" aspirated, and oocytes delivered (by courier,
 FedEx, or Counter to Counter) at client expense to ViaGen Equine on desired date that has been agreed with ViaGen Equine representative. Failure to have oocytes delivered on the agreed upon date could result in voiding this agreement.
- Client enters into this agreement with stallion owner or manager informed of client intent and with stallion contract finalized. The client is responsible for shipping expenses of stallion semen to ViaGen Equine and the return of all shipping equipment.
- Client and Equine clinic shall be responsible to obtain any insurance it deems appropriate to cover any loss or damage to
 oocytes, sperm, embryos, and/or cells during the time the oocyte(s) and sperm are shipped to ViaGen Equine, during the
 time stored there, and during the time any material is shipped from ViaGen Equine. ViaGen Equine is not responsible to
 insure stored or shipped embryos, sperm, and/or biopsied cells.
- ViaGen Equine will evaluate the oocytes upon receipt, attempt to mature them, and if matured, fertilize them via ICSI.
 ViaGen Equine will perform the services requested by Client according to the 2024 Fee's listed below. A credit card must be on file before we continue with any services and this agreement must be completed and returned.
